

Brand Associate Assignment – Eluno

Brief

Imagine Eluno is hosting a brand event. The event will bring together:

- Eluno team members
- Founders
- Investors
- Family members
- Influencers and creators
- Existing customers

Objective

Create an event that feels:

- Fashion-forward
- Design and art focused theme
- Young, energetic, and social-media friendly
- Memorable and engaging (not just a dinner party)

The event should encourage guests to participate, interact, create content, and share their experience online.

Note: Please focus on how you would get things done and where you would source the required information or resources from, rather than only outlining what you would do.

What You Need to Submit

Create a presentation or document covering the following:

1. Event Concept

- Theme and overall vision
- Look & feel / moodboard references
- Why this concept fits Eluno as a brand

2. Event Plan

- Proposed event flow and schedule
- Key activities and experiences throughout the day
- Entertainment and engagement ideas

3. Social Media & Buzz Creation

- Activities people would naturally post about
- Photo/video opportunities
- Influencer engagement ideas
- Content creation opportunities during the event

4. Operations & Execution Plan

Include all major tasks required to execute the event:

- Venue
- Vendor coordination
- Catering
- Decor & visual merchandising (VM)
- Production requirements
- Event logistics
- Team coordination
- Guest management

5. Influencer Plan

Create a sample list of:

- Influencers/creators you would invite (atleast 10 creators)
- Why they fit the brand
- Expected deliverables

6. Budget

Prepare an estimated budget with key cost heads, such as:

- Venue (Based out of Blr)
- Decor
- Activities
- Catering
- Influencers
- Production
- Merchandise
- Miscellaneous expenses

7. Timeline

Create a week-by-week execution plan showing:

- What needs to be done
- By when
- Dependencies

- Important checkpoints before event day
-

Submission Format: PDF / PPT

Note: Please focus on how you would get things done and where you would source the required information or resources from, rather than only outlining what you would do.
